Our Year 5/6 teams participated on Friday and they also competed exceptionally well coming within 30 points of the winning team.

Our junior play space project is underway, with the concrete being lifted ready for the big sandpit and turf area to be installed. We are very excited about the impact this magical area will have on our school.

We are having a covered deck built out from Rooms 5 and 5L. Doors from these rooms will open out onto the deck. These rooms will be carpeted over the holiday break so we will move furniture out on the last day of term. We are waiting for building consent for the uniport cover and doorways so these may not be put in until next term.

Our senior block of 3 classrooms has begun. This project will take 6 months to complete. We will move our Year 6/7 and 7/8 classes from Rooms 8 and 9 into this new block to start next year.

Along with the 3 classrooms there are also two break out spaces - one for media and the other for cooking and art resources. There will also be student toilets and a teacher resource office.
